THE SURFACE WITHIN™

Preview 2023

The Celebration of Ten

This year we're celebrating several significant milestones for Minoli, all with the number ten as their common theme.

Ten years of the ever-evolving Marvel Collection

The continuous advancement of the Marvel series keeps it at the cutting edge of the industry's technological capabilities with three innovative, new, high-performance, porcelain products - Marvel Ten-X, Marvel Gala and Marvel Travertine.

Ten new ranges inspired by the latest design directions

In a year that has seen an unprecedented expansion of our Core and Contemporary Collections, and the introduction of the Outdoor By Minoli series, in our 2023 Preview we're celebrating ten exciting new additions to our porcelain product portfolio.

Ten years of Minoli events at Home House

Since the inaugural Preview Event in 2011, and following a two-year gap due to Covid, Minoli are delighted to have been able to reinstate this annual preview of new and exciting products, the tenth to be held at the exclusive and enchanting Home House members club on Portman Square, W1.

Ten years of The Surface Within - The London home of Minoli

Designed and developed in 2012 before officially opening in 2013, we're looking forwards to our tenth year of providing an impeccable service to our clients throughout the Capital and Southeast from our London showroom, The Surface Within Marylebone, in the heart of London's West End.

Contents

Marvel Ten-X 04

A range of seven stunning marble-effect designs inspired by the most contemporary and classic stoneware.

Marvel Gala 18

A collection of exotic and exclusive surfaces that elevate the allure of natural stone into the realms of artistic beauty.

Marvel Travertine 30

Celebrating one of the most prestigious and iconic architectural materials with the aesthetic appeal of natural stoneware.

Boost Mix 42

Distinct and dynamic, Boost Mix is beautifully balanced and inspired by the pebble patterned Italian Ceppo di Gré stone.

Reflet 54

Reflecting light through polished and metallic finishes, the Reflet range is an illuminating innovation in porcelain tile technology.

Essenza Oudh 60

With seven creative colours and the tactile texture of timber, Essenza Oudh has gorgeous graining and the warming appeal of wood.

Viceversa 70

With the appearance of perfectly poured concrete, Viceversa brings a sense of urban indulgence with a sublimely super-fine surface.

About Minoli

Established in 1960, Minoli is one of the UK's original tile importers and distributors.

Our goal is simply to source and supply the most beautiful indoor and outdoor porcelain tiles, for use on floors and walls, and to offer customers a level of service that's considered second to none.

Whilst many of our values remain true to those on which the firm was founded, we're forward thinking and focused on continued growth in terms of our expanding product portfolio, our premises and facilities, our vehicle fleet and the size of our team.

Working closely with the leading production plants in Italy, we bring you the latest cutting-edge designs, comprising a diverse range of different contemporary and classic styles in stone effect, concrete, marble and wood-look finishes.

This brochure contains details of ten new product ranges, and you can discover more about our business and our extensive collection of over 540 ranges on our website – www.minoli.co.uk.

Once you see beyond the surface, you'll find there's more to Minoli than might first meet the eye.

Why Minoli?

Experts in our field

Dedicated teams to advise and assist our housebuilder, developer, corporate and private homeowner clients.

Investing in excellence

From our state-of-the-art warehousing and stock-holding, to our purpose-built vehicle fleet and highly-skilled team members.

Quality and choice

Carefully selected, technically advanced product ranges to suit every application, from great value to luxurious and unique finishes.

Exclusive supply

Long-standing relationships with premier production plants mean we're often first to market with the latest products on an exclusive basis.

Setting new trends

We're at the cutting edge of tile technology with the latest textures, tones and extra-large formats, for use inside and outdoors.

Service standards

Working together as one-team to deliver a seamless customer service that's considered second to none.

Inspirational showrooms

Centrally located in Oxford and London, we can arrange in-person or virtual consultations to help you choose and specify.

Delivery capability

Throughout the UK, our delivery capability is equipped to reliably meet the needs of our professional and residential clients.

Pan-European coverage

For clients in automotive, retail and hospitality, we can source and supply across Europe to ensure consistency of corporate identity.

Award winning

Recognised within the industry and beyond for our distribution capabilities, product qualities and customer-centred ways of working.

Symbols & Technical Info

Slip Resistance

Where possible we will indicate the slip resistance indicated by an 'R' rating, ranging from R9 (for indoor areas) to R12 (the highest value – recommended for external areas). If you require more technical details concerning the safety characteristics, please contact us directly.

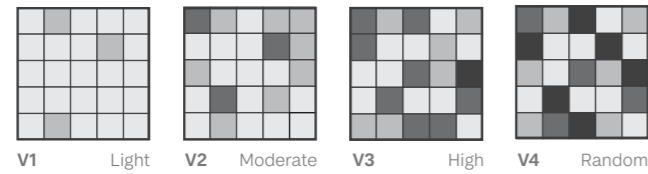

Frost Resistance

Tiles that have been classified as 'frost resistant' have been tested for conditions when freeze/thawing occurs.

Shading

Products with the shading symbol (V1 - V4), indicates the range has a degree of shade variation from tile to tile (within the batch), characterised by a light to random finish to the surface.
