Creative & colourful tiles in stock

The inventive way designers, developers and homeowners are using coordinating and contrasting colours within residential and commercial settings is an art form in itself. Recent additions to the Minoli product portfolio include brighter and bolder collections that allow for chromatic creativity like never before.

In this brochure we feature a selection of smaller format, glazed brick and square series with meticulously matt and high-gloss finishes, richer, radiant tones, patterned and pastel palettes.

Minoli are known for our ability to deliver promptly, and all these ranges are available from the extensive UK warehouse stocks at our centrally located distribution centre in Oxford.

Our goal is simply to source and supply the most beautiful porcelain and ceramic tiles, for use on floors and walls, and to offer customers a level of service that's considered second to none.

Whilst many of our values remain true to those on which the firm was founded, we're forward thinking and focused on continued growth in terms of our expanding product portfolio, our premises and facilities, our vehicle fleet and the size of our team.

Working closely with the leading production plants in Italy and Spain, we bring you the latest cutting-edge designs, comprising a diverse range of different contemporary and classic styles in stone effect, concrete, marble and wood-look finishes.

You can discover more about our business and extensive collection of some 600 tile designs on our website – www.minoli.co.uk.
